Principal's Report

Wonderful to be back to some kind of 'normal' at school! What a time we've had!!

THANK YOU everyone for your support last week after the storm damage we had at school. It certainly presented us with many challenges!

COVID restrictions are easing, however, we still have regulations in place at school. These include using QR checkins, the wearing of masks inside school buildings, maintaining social distancing and adhering to density limits, which means that for the time being, we can't have parents attending assembly. Hopefully this situation will improve over the next few weeks.

Just a reminder that our 3 way conferences will be held via Webex, on our curriculum day next Thursday 24th June. This is a student free day. Parents and carers can make their interview time through the Sentral portal. If your children are part of the "Tutoring program" you can also make a meeting time with Belinda Joy to discuss your child's progress. This can be done by emailing Belinda directly belinda.joy@education.vic.gov.au

We have had several issues with car park safety over the past few weeks. These include people driving way too fast and adults NOT accompanying their children to the start of the path when they drop them off in the mornings. Please ensure that you escort your children to the path – it is extremely dangerous in the car park. In the afternoons, please remember to escort your children to your vehicle. SAFETY IS OUR PRIME CONCERN!!

Staff have spent time this week watching a webinar on "Embedding Formative Assessment" presented by Dylan William. Some of the important points made in the presentation were ensuring that students can apply their learning to other contexts and looking into how students retrieve their learning when they need it.

One of our senior students, Chelsea Rowe is participating in a cancer fundraiser. Chelsea has been growing her hair since 2020, originally in the hope of having it braided on a family holiday to Thailand. Then of course, COVID hit and her family's plans were put on hold. So Chelsea, being the kind and empathetic person she is, and using her initiative, decided to change her plans and do something positive to help others. She is having her hair cut and donating it to help people with cancer, and setting up a fundraiser to raise money for this important cause, close to our hearts. Chelsea will keep us updated on her fundraising efforts, and also let us know when the 'big chop' will happen.

If anyone would like to donate to this cause, here is the link:

<https://fundraising.cancervic.org.au/fundraisers/chelsearowe>

We are all extremely proud of Chelsea – what an extremely thoughtful and driven young person she is!!!!

Thank you for the support and love you give to your children.

Please stay safe. Be kind.

SCHOOL WISE POSITIVE BEHAVIOUR SUPPORT

This week's SWPBS Value is Resilience.

Students have been working hard towards being good sports and showing that they can play by the rules of the game. Students have learned that 'playing fair' is about learning and using the rules properly in the game, and if rules aren't followed, problems often occur. Students have role played different ways we can problem solve a situation if a student isn't following the rules.

As a parent, you are a key role model of this, and it is important to foster this skill at home too. Your child can learn a lot about fair play by watching what you say or do. You can help your child play fairly by choosing appropriate games, explaining the rules and praising them when they have followed the rules.
