number: 874 095 039 Password: school

We ask that all attendees please leave their microphones on mute during the entire assembly.

No parents or carers are able to attend assembly onsite due to density limits and DET operation guidelines

Instead of where's Wally? Let us play where's Mr Rees???? See if you can find 4 Photos of Mr Rees in this weeks newsletter. Good luck!!!!

Library Books

The school library will be open every Tuesday and Thursday for students to return school books. Every class will be visiting the school library once a week to borrow books to enjoy at school and home.

There are a large number of overdue items from lockdown 2020. If you have any books at home with an UPPS barcode, please return them to school.

A BIG thank you to students and families who have been bringing in an assortment of very overdue books!

Jo Hannagan

Principal's Report

What beautiful weather we've had the past few days – let's soak it up and enjoy it while we can!

Our students seem to have settled into a really good routine of learning with our remote learning. We have received positive feedback about the way we are structuring it this time around. Our 'live' lessons are providing our students with explicit instruction and teaching from our staff and also allowing them to ask questions and clarify their understanding in the interactive space of the WebEx platform. Please ensure that your child's camera is turned on, this allows the teachers to observe the students and monitor their learning by checking their work and is also respectful to the teacher.

Several parents have contacted us regarding the Grade 5/6 camp. This is on hold, and the camp operators are 'rolling over' our booking until such time, that we can attend – let's hope that's soon.

Staff have been working in their professional learning communities, analysing student data in reading and formulating goals and targets for achievement. We have also revised our assessment schedule to include new testing platforms being used and formative assessments

Our drainage works have now been completed and the area looks great, and more importantly – it seems dry! Looking forward to our students being able to utilise this extra space when we are all back onsite.

Tomorrow's theme is "Art Day". Mrs. Lewis has planned a range of engaging activities for our students to choose from, including the interactive Art room. We can't wait to see the 'creations' of our students, as a result of tomorrow's special activities.

Sending best wishes for a speedy recovery to Cooper B who broke his arm yesterday while riding his pedal car home! You were very brave Cooper!!!!

Thank you for looking after your children. Thank you for your support.

Please stay safe. Be kind.

Sue Egan

Donate and Borrow!

Does your child need a new jumper?

We have a range of near new jumpers available for your child to loan for a \$1 or \$2 donation to go towards decodable books.

Once your child no longer needs this jumper they can return it and keep the cycle going.

Jumpers will be available Monday morning outside the office.

Payments to the Office **(important information)**

Fees, Excursions and Camps

Our preferred method of payment for fees, excursions and camps is electronically. ie. BPAY, Bank transfer or EFT-POS at the office. Electronic payments can be easily tracked.

Please avoid paying cash for official school events

For Fundraising and FAF Days

Cash can be paid-provided it is in a sealed envelope clearly stating student name and class, what it is for and total enclosed.

This week's SWPBS Value is Respect. Students have been looking at how we can follow the teacher's directions when asked. Students have been learning that when we follow instructions given by an adult or teacher, it is for their safety, but also to maximise the learning opportunities students are participating in.

By following teacher instructions, it allows all students to feel safe and happy within the classroom, and enjoy what they are learning.

You can foster this at home by acknowledging and praising your child when they have followed an instruction given by you, and model the benefits of following adult instructions.

Children's Book Week 2021

One of the most important things we can do to slow the spread of coronavirus (COVID-19) in our community is to stay at home when we are unwell, even when we have the mildest of symptoms.

What you need to know

1. If a child is unwell, even with the mildest of symptoms, they must stay at home

If a child becomes unwell during the day, they must be collected from school/early childhood education and care (ECEC) as soon as possible.

2. If a child has any of the symptoms of coronavirus (COVID-19) outlined below, however mild, they should get tested and they must remain at home until they receive their results:

- fever
- chills or sweats
- cough
- sore throat
- shortness of breath
- runny nose
- loss of sense of smell or taste.

In certain circumstances headache, muscle soreness, stuffy nose, nausea, vomiting and diarrhoea may also be considered symptoms.

For further advice:

- call the 24-hour coronavirus (COVID-19) hotline 1800 675 398
- call a general practitioner
- use the Department of Health and Human Services (DHHS) [online self-assessment tool](#).

Visit: [Where to get tested](#).

3. A child must stay at home until they are symptom free, even if their coronavirus (COVID-19) test is negative

If a person has tested positive for coronavirus (COVID-19) or been identified as a close contact they must isolate/quarantine until they receive clearance from DHHS.

Children with persistent symptoms due to underlying conditions such as hay fever or asthma whose symptoms are clearly typical of their condition can continue to attend ECEC/school. They should be tested for COVID-19 if they develop symptoms that are different to or worse than their usual symptoms. They should consider getting a medical certificate from their GP to attend ECEC/school if they have persistent symptoms that may overlap with symptoms of COVID-19 such as cough or runny nose.

Younger children (pre-school up to Grade 2) may have prolonged post viral symptoms such as a runny nose or cough and may return to school/ECEC following a negative COVID-19 test even if they are not completely free of symptoms. They will need a medical certificate from their GP to confirm they are otherwise well or have recovered from their acute illness.

For information on the minimum periods students and children need to stay at home for other conditions, refer to the [DHHS school exclusion table](#).

4. Children do NOT need a medical certificate before returning to school/ECEC

Once symptoms have cleared, there is no requirement from the Department of Education and Training or DHHS for children/students to have a medical certificate before they return to school/ECEC.

Thank you for your support in following these steps, together we can all stay safe.

This advice has been prepared by the Department of Education and Training, Safer Care Victoria and the Department of Health and Human Services
