Principal's Report

Thank you to everyone who attended our special assembly last Friday. Our Foundation students did an exceptional job of the Acknowledgement of Country – led by Jackson Singleton! Our past student, Lachie Hill joined us and played the didgeridoo – he did a sensational job!!! It is always wonderful to have past students join us and share their expertise.

This week staff have worked in the professional learning Communities, reflecting on the term goals and the outcomes they have achieved. The plan is for the focus on Maths to continue into term 3. We also had a guest presenter, Peter Seehusen from The Resilience Project, who shared nation wide statistics on depression and anxiety in youth, and shared strategies from The Resilience Project around Gratitude, Empathy, Mindfulness and Emotional Literacy. The theme of his presentation was on giving and receiving kindness, and on building positive relationships with our students.

Tomorrow we are scheduled to play sport against Ivanhoe Grammar at Mernda. Our students are eager and ready to participate! Let's hope the weather is kind to us!!!

Thank you to everyone, staff, students and families, for their support over the past few weeks as we deal with illness and staff shortages. It's been a challenging time! You will notice that sometimes your child will have a different teacher, sometimes I might be their teacher, and sometimes they will be joining other classes. Our goal is always to provide continuity of learning for our students in a warm and caring environment. Our students have been superstars dealing with these challenges!

Thank you everyone, for your support!

Please stay safe! Please be kind!
Sue Egan

This week's SWPBS Value is Respect.

Students have been looking at how we can follow teacher's directions when asked. Students have been learning that when we follow instructions given by an adult or teacher, it is for their safety, but also to maximise the learning opportunities students are participating in.

By following teacher instructions, it allows all students to feel safe and happy within the classroom, and enjoy what they are learning.

You can foster this at home by acknowledging and praising your child when they have followed an instruction given by you, and model the benefits of following adult instructions.
